

Tarbolton P1-4 Reciprocal Teaching

For the day:

Students sitting in groups of 4-5 -sitting around tables

Optimum group composition:

1. Fluent reader with good comprehension
2. Fluent reader with weaker comprehension
3. Less Fluent reader with good comprehension
4. Poor fluency and poor comprehension
5. AN other

For the reading activity, please find four passages, one for each Year group which is:

- age appropriate material
- non fiction preferred
- a "decoding stretch" for students 3+4
- around 200 words ish

Each group needs:

- Reading passage one between two
- NB this must be "sight unseen" - I need to do a prediction activity before the students get their passages

I need copies of the passages sooner rather than later (via Kim please), so I can prepare them for the prediction activity
